# TRAINING INFORMATION

## Need more information:

For Training Plans and Kit Contents please visit [www.planetnails.co.za/training](http://www.planetnails.co.za/training)

For Training Dates and Venues, please email [training@planetnails.co.za](mailto:training@planetnails.co.za)

## What Nail Course to choose:

We have different Nail Courses to choose from. Product can be applied in different ways to the nail.

**Overlays:** When you apply product on natural nails, without making them longer.

**Tip Overlays:** When you put Tips on the natural nails to make them longer, and then apply product over it.

**Sculptures:** When you make the natural nail longer without using a Tip. You "build" it longer with product.

All our Nail Courses include Overlays on natural nails.

All our Nail Courses (Acrylic, Acrylic Dip, Gel, Silk/Fibre) include Tip Overlays.

The Gel Polish Workshop only includes Overlays on natural nails.

Silk and Fibre is a nail wrap that adds strength to the nail.

We have 2 different Gel Courses. Gel excluding Sculpture and Gel including Sculpture.

We have 3 different Acrylic Courses. Acrylic Dip, Acrylic excluding Sculpture and Acrylic including Sculpture.

The difference between the Acrylic Dip Course and Acrylic Dip Workshop is that the Course includes the Dipping Tray.

Below explains the difference between Acrylic and Acrylic Dip.

## Acrylic:

This method is done by using an Acrylic Brush, Acrylic Powder, and Monomer. This is the strongest nail by far, but you need a lot of skill and practice to perfect this method. If you want to do nails professionally, this is definitively the system you should consider.

## Acrylic Dip:

This method is done by using Acrylic Powder, Resin Activator and Glue. No Acrylic Brush is used, on this is a Dip method. This method is quick and easy to do. If you want to do your own nails, and those of family and friends, this is the system you should consider. Our Full Nail Course includes all the nail systems: Acrylic, Acrylic Dip, Gel, Silk and Fibre. We offer the Full Nail Course with and without Sculpture.

## Nail Art Workshop:

We offer 2 different Nail Art Workshops. The Nail Art Workshop for Beginners is done on natural nails. The Advanced Nail Art Workshop is done using your Gel and Acrylic products. When you attend the Advanced Art Workshop, you must bring along your Gel and Acrylic products.

## Revolution Workshop:

This is a fantastic way to expand the Nail Art you offer. You can also do beautiful French Acrylic nails using Revolution Forms. You must be Trained in Acrylic before you can attend the Revolution Workshop.

## Electric Drill Workshop:

Using an Electric Drill really cuts time when it comes to blending, filing and removal of product. You must be Trained in Gel or Acrylic before you can attend the Electric Drill Workshop. When you attend the Electric Drill Workshop, you must bring along your Gel and Acrylic products.

## Make-Up Training:

We offer a Professional Make-Up Course, as well as a Basic Make-Up Workshop. The Basic Make-Up Workshop is for ladies who want to know how to apply their own Make-Up.

## Eyelash Extensions:

We offer a Professional Eyelash Workshop that includes Cluster and Individual Lashes. We also offer a Basic Cluster Lash Workshop.

## Workshops:

If you have Trained long ago and you need a Refresher Course, you can attend a Workshop. If you have Trained elsewhere, and you want to convert to Planet Nails products, you can attend a Workshop. Workshops are recommended for Refresher and Conversion Courses. Workshops teach the basics, and does not include all the detail a Course will include.

## How to book a Course:

Confirm Course Date and Venue. Complete a Registration Form. Return the completed Registration Form + proof of payment of your 50% deposit, to us. Your space in the class can now be secured, and the Trainer can be confirmed.

## Important:

You will need to arrange live models to work on during your Course. More information about live models is given on the Registration Form.

## During Training:

Please don't make arrangements to do other things during your Training time. Do not book Training when you have dentist or doctor appointments. The Training must be attended and completed in full before you can do your Exam.

## After Training:

You will have to complete practical hours before you can book for your Exam. Practical hours are 100 hours per system, excluding the hours you spent in the class. The Educator will give you a POE (Portfolio of Evidence), use it to keep record of your practical hours done. A copy of your POE must be handed in before your Exam. No POE - No Exam. You must also complete a Photo POE that must be handed in before your Exam. No Photo POE - No Exam. More details about the POE and Photo POE on the Registration Form.

## Exams:

We offer Exams 4 times per year for each system. It is usually in Jan, April, July and Oct. For Exam Dates, please email [training@planetnails.co.za](mailto:training@planetnails.co.za) Exams cost R350 per system. Exam Venue may differ from Training Venue, and will be confirmed when you book for your Exam. The Exam includes a Theory and Practical Exam. The POE and Photo POE is part of your Exam. The pass mark required is 80% for your Theory and Practical Exam.

## Course Certificates:

If you complete your Exam, and you are found competent, you will receive a Certificate of Achievement. Certificates take 4 weeks to issue.

## Workshop Certificates:

Do you want to receive a Certificate for a Workshop you attended? Complete a Photo POE and attend a Practical Exam. More details about the Photo POE and Practical Exam on the Registration Form. Certificates take 4 weeks to issue.
